

Glory Road

by David Washington

I'm walkin' the Glory Road,
With you here by my side
I'm walkin' the Glory Road
There's joy in every stride.

I'm walkin' the Glory Road.
Beneath the clear blue sky
I'm walkin' the Glory Road
I feel so satisfied.

Dark stormy clouds may gather
And bring the threat of rain
What does it really matter
If life brings joy or pain?
Dark skies and stormy seasons
Stir up the sea below
Above the Sun is shining
There's nothing to do and nowhere to go!

The atmosphere within us
Where Spirit freely flies,
To land on earth between us,
Connecting all our lives.
The feelings deep within us,
A clear, calm, crystal sea
Pass through the light of heaven;
Creation to show and creators to be!

I'm walkin' the Glory Road.
Beneath the clear blue sky
I'm walkin' the Glory Road
I feel so satisfied.
