

# I Wanna Be Free

by David Washington

I thought I shook you in Dallas,  
I dropped you off in L.A.  
I filed your photo in Phoenix,  
But now you're back here today.

Whenever your name is mentioned  
I get all queasy inside  
I wanna be free, free free,  
I wanna be free.  
I wanna be free, free, free  
I just wanna be free!

I went up the mountain  
To clear my mind and restyle.  
I dived the well of wisdom  
And splashed around for awhile.  
But when I found the answer  
I didn't like what I heard

So I went back to the valley  
Of 'Feeling Sorry For Me.'  
But still the answer kept hanging  
Like ripe fruit on a tree.  
It's not really about you,  
It's all inside of me.  
If I wanna be free  
Then I gotta forgive.

Understanding and compassion  
Is not the whole song.  
Live in a deeper place where nothing is wrong  
Deep in the heart of love's flows no matter what is going on.

(Forgive if you wanna be free) Sweet freedom  
(If you wanna be free, free, free then you gotta forgive.) Wanna be free, Yeah,..

(You gotta forgive if you wanna be free) Ummm, Ummm..  
(Free, free, free, so I gotta forgive.) Whoa oh

Letting love flow.....And I'm feelin so free.

(Free, free, free)

(You gotta go deeper)

Oooh.....Free....., so free,....Free to live!

(Free, free, free)

(You gotta go deeper)

I've gotta go deeper...

Into reality

(Free, free, free)

(Free, free, free)

Gotta go deeper...

Into the truth of you and me

(Free, free, free)

(Free, free, free)

Oh, I gotta go deeper...

Into reality

(Free, free, free)

(Free, free, free)

Gotta go deeper...

(Free, free, free..)

Into the truth of you and me
