

Dance In The Light – David Washington

Dance, dance, dance into the light.

Stand, stand, stand; stand in the truth.

Truth is I was one in Spirit long before I was born.

Truth is I am one in Spirit, now and after I'm gone, gone, gone.

Dance, dance, dance into the light.

Stand, stand, stand; stand in the truth.

I've learned to love my body as it changes size and shape.

Truth is I can make my life from anything to wonderful and great!

Dance, dance, dance into the light.

Stand, stand, stand; stand in the truth.

Dance In The Light – 2

(Keep on dancin')

When I'm feelin' low and not sure what to do

(Keep on dancin')

I turn my head around and face up to the Truth.

(Keep on dancin')

I'll deal with anything that's at my hand to do

(Keep on dancin')

While never losing sight of what is really true.

(Keep on dancin')

I see circumstance as opportunity

(Keep on dancin')

To show I'm so much more than physicality.

(Keep on dancin')

I'm thankful for my friends and their good company,

The encouragement from those at hand and those I cannot see.

(Dancin' into Light!)

(Keep on dancin')

Dancin' into Light!
