

## Letting My Light Shine - David Washington

Living in the heart of creation;  
Letting my light shine in my world.  
Living in the heart of creation;  
Letting my light shine in my world.

Letting my light shine,  
Letting my light shine,  
Letting my light shine in my world.  
Living in the heart of creation;  
Letting my light shine.

On my way to work in the morning;  
Letting my light shine in my world.  
Setting up my day with a blessing  
For what may happen in my world.

Checking out my groceries in the market;  
Letting my light shine in my world.  
I send a silent blessing to the shoppers  
And all the others in my world.

Reflecting on my day in the evening;  
Letting my light shine in my world.  
I'm thankful for the giving and receiving  
And all the blessings in my world
