

The Radiant Light – David Washington

My mind is clear in the radiant light of Spirit
And I'm feelin free.

My mind is clear in the radiant Light,
I move through Life with grace and ease
 In grace and ease with my creations
 As I walk this road.
 In grace and ease, and calm assurance,
 Firm in the Truth I know

My mind is clear in the radiant Light.
I move through life with grace and ease.

My body's strong in the radiant light of Spirit
And I'm feelin free.

My body's strong in the radiant Light,
I move through Life with grace and ease
 In grace and ease with my creations
 As I walk this road.
 In grace and ease, and calm assurance,
 Firm in the Truth I know

My body's strong in the radiant Light.
I move through life with grace and ease.

The Radiant Light - 2

I know my worth in the radiant light of Spirit

And I'm feelin free.

I know my worth in the radiant Light,

I move through Life with grace and ease

In grace and ease with my creations

As I walk this road.

In grace and ease, and calm assurance,

Firm in the Truth I know

I know my worth in the radiant Light.

I move through life with grace and ease.

All is well in the radiant light of Spirit

And I'm feelin free.

All is well in the radiant Light,

I move through Life with grace and ease

I move through life with grace and ease.
