

## Walkin' The Path – David Washington

Sometimes we don't know how close we are  
To realize our dreams.

The truth is we're so much closer  
Than the evidence may seem.

Let the sadness subside and let's dry our eyes  
Let our fears dissolve.

No more hesitation or useless questions,  
Ready or not, it's time to move forward!

Got to make a choice. (Keep on walkin, walkin on the path,)  
The pathway of your life.

Go on, make a choice. (Keep on walkin, walkin on the path,)  
A path that's filled with Light.

Sometimes we want to know the future  
And see where all this leads.  
But what fun is that in this game we play  
Of divine hide and seek.

Let the sadness subside and let's dry our eyes  
Let our fears dissolve.  
No more hesitation or useless questions,  
Ready or not!

## Keep On Walkin – 2

Got to make a choice. (Keep on walkin, walkin on the path,)

The pathway of your life.

Go on, make a choice. (Keep on walkin, walkin on the path,)

A path that's filled with Light.
